**Turnstyle Enterprises Announces New Facility in Georgetown County**  
*Investment expected to bring 37 new jobs to the area*

**COLUMBIA, S.C.** – Wednesday, September 10, 2008 – The South Carolina Department of Commerce and Georgetown County today announced that Turnstyle Enterprises will locate its new manufacturing facility in Georgetown County. The \$800,000 investment is expected to bring 37 new jobs.

"The new manufacturing plant will enhance our company's ability to grow and meet rising customer demand for our products. Georgetown County offers us a strong workforce and an excellent quality of life. We appreciate the efforts made by state and local officials to support our operations," said Edward Stull, president of Turnstyle Enterprises.

Turnstyle Enterprises designs and sells gate systems for residential and commercial use. The company's headquarters and sales offices are currently located in Georgetown, and the new manufacturing facility will be located on Pawley's Island.

"Turnstyle Enterprises uses its innovative technology to design and produce a range of automatic and manual gate opening and mounting systems. The company's decision to further invest in South Carolina by establishing a manufacturing facility is a positive reflection of the state's workforce and business-friendly climate. We wish Turnstyle Enterprises continued success and look forward to a long and mutually beneficial relationship with them in the years ahead," said Joe Taylor, Secretary of Commerce.

"We are excited that Turnstyle Enterprises has chosen to continue operations in Georgetown County and grow its business here. The jobs the company will bring will have a lasting impact and greatly benefit our area. We are committed to working with businesses to provide more opportunities for Georgetown County residents," said Johnny Morant, Georgetown County Council Chairman.

Turnstyle Enterprises Inc. offers a complete line of leading-edge manual and automatic gate mounting systems, which come in a number of different styles. The company's automatic and manual gate openers and mounting systems are unrivaled in the industry in terms of versatility and application.
